Page style and size: One page text in one column, with additional pages for figures/tables/photographs. Technical Summary must be formatted in **A4-sized** pages.

Font sets and sizes: Use standard English font sets for the entire of your Abstract, for example **Times New Roman, Times, Arial and Helvetica**. In addition to these, **Symbol, Wingdings** or **ZapfDingbats** is strongly recommended for typing any math functions and Greek symbols. These special symbols can be inserted by using the insertion function of "symbols and special characters" on the Microsoft Word menu. Greek alphabet and mathematical symbols in **Symbol**: αβχδεφγηηφκλμνπθρστωξψζ ΔΦΓΛΠΘΣΩΞΨ ΣΠ∂∞Ο✕✓ can be found in Wingdings. Please express the unit for degree Celsius [°C] by a combination of [°] and [C] in the standard font. Also please keep the font sizes as are in this Guidelines format.

File size: File size less than several MB is recommended. Your network gateway may have a limitation of an uploading file size.

Header: Include the presenting author's name and title of the paper on the header line in each page.

Submission format: Technical Summary submission via our website can be accepted in **PDF format without any security options**.

Figures, tables, and photographs: Place the all figures/tables/photographs **at the end of the text** to prevent layout disorder when reviewing. For reducing the file size, we recommend that the photographs in your Abstract are pasted in **JPEG** format.
